

Amtrak Airo™ Built by America

The production of new *Amtrak Airo* trains is boosting businesses nationwide as manufacturing ramps up

3,500+ parts manufactured by nearly **100** suppliers in **31** states

STATES WITH SUPPLIERS

TOP FIVE: California **16**, New York **7**, Wisconsin **7**, Illinois **6**, Pennsylvania **6**

As we build to support the soaring demand for train travel, Amtrak Airo is creating jobs even before the trains are on the track.

– Amtrak President Roger Harris

Funding

A share of Amtrak's Infrastructure Investment and Jobs Act funding will support this purchase

Made in America

At Siemens Sacramento facility and complies with the Federal Railroad Administration Buy America Standards

83 Amtrak Airo Trains

With an initial purchase of **73** trains, Amtrak purchased **10** more as demand for rail travel exceeded expectations. The new trains are scheduled to **debut in 2026** and will operate on routes throughout the country

Amtrak Airo™ Built by America

Even more advantages to traveling by rail

ELEVATED EXPERIENCE

With its modern, spacious interior and panoramic windows, customers have an improved view of the best sights in the country while connecting to the passing landscape.

GREATER ACCESSIBILITY

With onboard passenger lifts, increased accessible spaces, and enhanced audible and visual messaging that will improve the experience for all customers.

A GREENER IMPACT

More fuel efficient and produce 90% less particulate emissions in diesel operations.

REDUCED TRAVEL TIMES

Operate at speeds up to 125 mph and offer a seamless transition between power sources where time-consuming locomotive changes were previously required.

CAFE CAR

More contemporary food service provides self-service options.

WAYFINDING

Signage creates a cleaner, more evident and accessible way to identify and differentiate cabins – both on the exterior and interior through a color-coded system.

SPACIOUS SEATING

Each seat prioritizes ergonomics, offers enhanced comfort with plenty of legroom, bigger and sturdier tray tables, moveable headrests and a dedicated cup and seatback tablet-holder.

BUSINESS CLASS

Choice of double and single seats offer customers greater flexibility.

AMENITIES

Features enhanced lighting, improved technology with digital customer information systems and touchless restroom controls, dedicated individual outlets, USB ports and onboard Wi-Fi.

DEDICATED WATER STATIONS

Provide chilled and filtered hydration, while reducing the need for disposable plastic bottles.

MODERN TECH

New 5G enabled Wi-Fi and digital information systems.
